February Blues

What do you do with a problem like February? It's been winter for months. Christmas holidays are long past. It could still be weeks until spring. Well, February is a great time for planning and thinking about all the things you are going to do later in the year.

Are you an avid gardener? Maybe you are just starting to get your hands dirty. Either way, February is a great time to start looking through books for ideas—plots, containers, raised beds, fairy gardens, butterfly and bee gardens. What you also need is practical information. What grows well in our area? What should I start in the house and then transplant? How do I get started with composting? How do I keep the deer from eating my plants? Then there are the more general questions. What are the benefits of sticking to indigenous plants? Does planting butterfly and bee friendly plants really help the environment? Do fruit trees really attract bears and other wildlife and why is that to be avoided?

Perhaps you are more into travel! Would you like to visit Japan, Iceland, or Brazil? You might want to learn a bit about local customs or a few key phrases in the local language or dialect. Learning about local foods is always helpful. Maybe you just want to find out about attractions so you can plan your itinerary.

These are all things the library can help you with. Whether you prefer reading books, watching videos or chatting with like-minded individuals, the library can help you find what you need to plan your upcoming projects.

FILM SCREENING

February 16th at 6:30pm—*Journey to Justice* (NFB)

This documentary pays tribute to a group of Canadians who took racism to court. They are Canada's unsung heroes in the fight for Black civil rights. Focusing on the 1930s to the 1950s, this film documents the struggle of 6 people who refused to accept inequality. Featured here, among others, are Viola Desmond, a woman who insisted on keeping her seat at the Roseland movie theatre in New Glasgow, Nova Scotia in 1946 rather than moving to the section normally reserved for the city's Black population, and Fred Christie, who took his case to the Supreme Court after being denied service at a Montreal tavern in 1936. These brave pioneers helped secure justice for all Canadians. Their stories deserve to be told.
